PROFILE

Automation Engineer specializing in **Python, Selenium, Playwright, and Power Automate,** with hands-on experience building SOAP/REST API integrations. Delivered 4 production automation applications at **Lumen Technologies**, resolving **400+ tickets and records monthly and reducing manual processing time**. Skilled in designing reliable, reusable automation frameworks that scale across enterprise ticketing and fulfillment systems. UiPath Automation Developer Associate certified, seeking to build impactful automation solutions on a collaborative engineering team.

TECHNICAL SKILLS

- **Automation / RPA:** Selenium, Playwright, UiPath, Power Automate, SOAP UI
- **Languages:** Python, SQL
- **Web / API:** REST APIs, SOAP, WSSE, Requests, Pytest
- **Data / Visualization:** Power BI, Pandas, Streamlit
- **Tools & Platforms:** Git/GitHub, StarUML, Google Colab

EXPERIENCE

Automation Intern — Lumen Technologies India
Feb 2026 – *Aug* 2026 (*Stipend*)

- **Architected and deployed** 4 production-grade automation applications using Python, Selenium, and SOAP APIs, resolving 400+ tickets/tasks eliminating significant recurring manual effort.
- **Engineered automated workflows** for duplicate-ticket closure and stale-task force-closure, processing 150+ records/month across enterprise ticketing and fulfillment systems.
- **Implemented SOAP/WSSE authentication integrations** to automate case creation and updates across multiple enterprise workflow systems, ensuring secure, reliable data exchange.

PROJECTS

1) Speech-to-Image Live Conversion Using Deep Learning (Infosys Springboard Internship)

- Built an end-to-end pipeline recording audio, transcribing via **Whisper**, running sentiment analysis, and generating images with **Stable Diffusion** for positive/neutral inputs.
- **Tech:** Python, Streamlit, Whisper AI, Stable Diffusion, Google Colab. | Github

2) Deepfake Detection Using Live Video Calls

- Collaborated on a real-time system that verifies interview participant authenticity by analyzing facial movement, head position, lip-sync, and expressions, then sends authenticity alerts.
- **Tech:** Python, OpenCV, MediaPipe, TensorFlow/PyTorch, Streamlit. | Github

EDUCATION

BE, Computer Science and Engineering — Mahendra Engineering College, Namakkal
CGPA: 8.4
HSC - Shri Swamy Matric Hr Sec School (2022) — 83%
SSLC - Shri Swamy Matric Hr Sec School (2020) — 95%

CERTIFICATIONS

UIPATH - UiPath Academy Automation Developer Associate Training
POWER AUTOMATE - Course PL-500T00-A: Microsoft Power Automate RPA Developer - Training

LEADERSHIP & ACTIVITIES

- **Coders Club —** Overall Student Coordinator for a 24-hour departmental hackathon.
- **UiPath Committee Member —** Promoted RPA awareness through workshops and student automation activities.
- **NSS Volunteer —** Blood donation, Aadhaar, and eye-camp community initiatives.
- **Class Committee Member —** Liaison between students and faculty on academic matters.
